Professional Development Request

In order to stay in line with best practice, I would like to participate in professional development to strengthen my classroom management and ability to confidently navigate unexpected behaviors. It has never been more important than now, as we know the impact a solid foundation can have on our students.

I am writing to request funding for an on-demand course called The Classroom Reset.

This course addresses specific classroom management situations that early childhood educators face. I will learn developmentally appropriate, evidence-informed ways of responding to unexpected behaviors or classroom disruptions so that my classroom can thrive.

It includes lifetime access to videos that guide educators through the following categories:

- Student behaviors
- Student support
- Classroom Life/Teacher Support
- Routines
- Social-Emotional

A full list of videos and tools, along with a sample video, can be found in the attached flyer.

This course will improve my confidence and ability to meet all students' needs and strengthen their learning, as well as our classroom community.

I am prepared to devote the time necessary to benefit from this high-quality course and implement what I learn in my classroom.

One time cost for enrollment: \$179 (group rates available)

Thank you for considering my request,
